*Dear Friends and Partners,*

Marsha and I are so hoping you have had a great summer as the season is winding down and we are preparing for a new season and a new year. We want to share with you our ministry updates so you can see how your prayers and financial support have helped this ministry take "Jesus to the streets"

We want to thank you and remind you how important "You" are to the mission that God Has called us to do.

While we will be sharing about our recent trip to Franklin, Pennsylvania, and our new partnership with Compassion International, the most exciting part of this newsletter is "You"

God / Yah is preparing and Has already expanded our territory and none of this would be possible without the Lord and You!

So sit back, grab a cold drink and relax as You enjoy reading about hearing how great is our God!!

Blessings in Messiah,  
Carmelo, Marsha

Franklin, Pennsylvania/"Beacon of Hope"

As Marsha & I get back to our daily routine here in Florida, I can't help but leap for joy for the miraculous work the Lord did on our trip to Franklin, PA, where we worked on the Beacon Of Hope, (a building we're restoring to be used for outreach). The Lord tells us in His word that He'll never leave us to shame, when we hope, hope never disappoints.

I was promised that there would be several helping hands available to us when got there, but they never arrived. So there was a young man from the community who came over to offer his help. We were able to rent a dumpster & completely clean out the entire house including the last things on the 2nd floor. I was able to reconstruct all the water pipes & fittings & secured the roof where there was some wear & tear. We got this phase of the work done in less than 3 days. Praise the Lord!!

Not only did I get the help I needed, but I was able to witness to this young man "Mike" the word of God when he desperately needed it.

He had just gotten out of jail and was on parole. He told me that he lost total contact with parents when they gave him up for adoption to his grandmother who raised him till he was eight years old, and he became the property of the state when his grandmother suddenly died. This is a very sad story, but I believe that there are no coincidences in Gods agendas. He became like a son to me, and a candidate for the Kingdom Of God.

Another miracle we were able to witness was that the lot behind our home was up for sale for back taxes. Well, this was crucial because there is nowhere to park where the building is because the street is very narrow. So by faith we placed a bid & prayed.

When we got back to Florida, we ran into a long-time friend of ours we had not seen for 12 years. We said our hellos but we never told him about our plans in PA. So that night we get a call from him to invite us over to his house. I thought he needed us to pray with him. When we got there, we shared some time reminiscing on the past, when suddenly he places an envelope in my hands & tells me, the Lord told him he needed to give us an offering. I have to tell you it was the amount we needed to pay for the lot. Well we were told the next day that the lot was ours & all we needed to do was send the bid amount in.

The Lord already knew we were going to get the lot & where He guides, He provides. Praise His Name!!! And bless this man for being obedient to the Lord prompting!!

## Luke 6:38

*Give, and it will be given to you. A good measure, pressed down, shaken together and running over, will be poured into your lap. For with the measure you use, it will be measured to you.*

### **Compassion International / Rescuing children from Poverty in Jesus Name**

This summer the ministry was able to make a commitment to partner with this much needed service. Compassion International is a ministry that joins sponsors with children in desperate need of care. The ministry is now sponsoring a young boy in Indonesia named "Yosean" who is 3 years old. He has a mother & a father & 4 other siblings. Because of this sponsorship, "Yosean" will receive much needed medical care, food, & preparation to get him ready for school. It will also provide him with clothing & items he will need at home. He will be ministered to by the church he is attending in his village & will know that someone in America loves him & is praying for his well-being & his family.

Thank you for helping us bring much needed care to this young boy & his family.

### **From the Heart, Marsha**

As the summer is drawing to a close with my work in vacation marketing I can honestly tell you the Lord has truly blessed my labor for Him both with the people I work with & those I meet from all over the world, but I'm not going to write about their success stories today I am going to share about an area I was facing that was becoming a struggle for me; it was the area of being completely honest. After a while I found myself taking short cuts, with my customers that offered them more savings but left me questioning; was I being the completely honest woman that God had called me to be & was I really being a light in the darkness. I brought this before the Lord & asked Him to show me the areas I needed to improve on, & guess what He did.

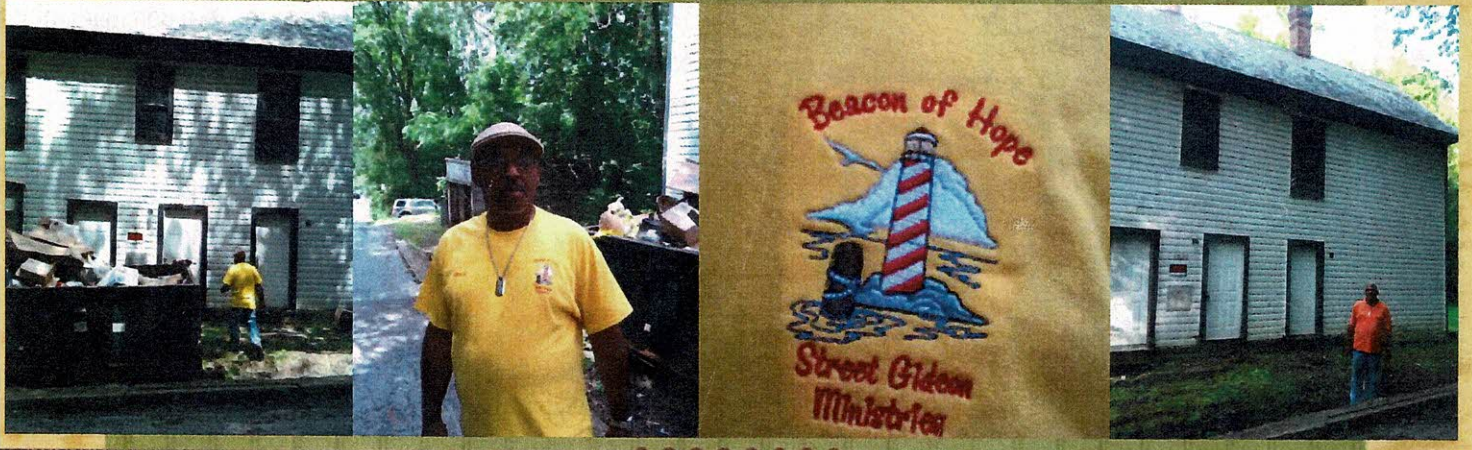

And I must tell you it didn't feel good, but I knew it was the correction I needed because I want to be a woman of integrity. You know I am being reminded lately that I not only made God my Savior but also my Lord and Lord means, ruler & master. To really be a true believer, I must allow God to be the Master of my life, you know today I find comfort in that. Friend, if there is an area of your life you are struggling in please believe me the Holy spirit was sent to be our Helper & when we surrender Every area of our life to Him, Abba Father will help us in the big & the small ways that we need to grow in. I know that I want to be a woman of good character and people do not judge us by just we say but by our actions, so now I feel I am truly back on the right track as the witness that the Lord has called me to be.
